

GLEON 2024

VIRTUAL ALL HANDS' MEETING

REGIONAL GATHERINGS

10 - 11
APRIL

Global Lakes Ecological Observatory Network is a very collaborative network. Join us if you are interested in the future of lakes and networking with researchers around the globe!

**NO FEE AND REGISTRATION
TO PARTICIPATE!**

More information about GLEON and the Virtual Meeting at gleon.org/

For the first time, the GLEON virtual meeting will have a 'local' host from an underrepresented region! The Tanzania Fisheries Research Institute (TAFIRI) will serve as local host to help highlight regional research on Lake Tanganyika, the African Great Lakes, and other regional lake research topics.
